

Activity Type

Speaking Game: asking and answering questions

Focus

Question and answer structures

Aim

To ask and answer questions.

Preparation

Prepare a balloon, rubber band and question for each student.

Place the question inside the balloon and blow it up.

Level

Any

Time

15 minutes

Introduction

Here is an entertaining game that helps students practice asking and answering questions.

Procedure

Give each student a balloon with a question inside.

Students then attach their balloon to their ankle with a rubber band.

Next, students go around trying to stamp on another student's balloon.

When a balloon is popped, everyone stops moving.

The student who popped the balloon then asks the question to the student who had their balloon popped.

If the student answers the question correctly, they continue trying to pop other balloons.

If not, the student is out of the game.

The game continues until everyone has had their balloon popped.

The remaining students left in the game are the winners.
