The Elementary Grammar Teaching Resources eBook

This collection of over 100 teaching resources from the Teach-This.com website provides worksheets, activities, and games aimed at Elementary level (A1-A2) students. These resources have been created by a dedicated team of highly qualified and experienced English teachers and ESL professionals and have been tried and tested many times in the classroom.

The resources can be used in any general English course and are intended to supplement other materials. These resources are flexible enough to be easily incorporated into most lesson plans and can be used to introduce or reinforce language, practice or revise language structures, or improve core skills.

The book contains a wide range of easy to use, practical, and effective supplementary materials that focus on speaking practice as well as grammar and vocabulary exercises or activities to help students develop their reading and writing skills.

How to Use the eBook

First, scan through the table of contents to select a teaching resource. To make the selection process easy, all resources are categorised according to their relevant grammar point and are arranged in alphabetical order. The table of contents also indicates the aim of each resource and lists activity types that the students will engage in. Shortcut hyperlinks that quickly and easily direct you to your chosen resource are included.

Each resource comes with detailed teacher's notes that provide key details such as activity types, language focus, aim, preparation requirements, and estimated time duration. The notes also include a comprehensive step-by-step procedure and answer keys, making lessons quick and easy to plan. Each resource comes in a user-friendly and printable A4 PDF format.

Activity Types Explained

Each resource in this eBook falls into one of three categories: worksheets, activities, or games. The worksheets provide opportunities for students to examine form and function and exercises typically focus on either grammar or vocabulary. The activities are designed to provide opportunities for students to practice using the language in more interactive and interesting ways. The games offer students more fun and engaging methods to practice the language and help to liven up lessons.

For each grammar point covered in this eBook, you will generally be provided with one standalone worksheet, one activity, and one game to help students learn and practice the language in different ways.

Controlled and Freer Practice

Speaking activities in this eBook are labelled as either controlled or freer practice. In the controlled practice activities, students are given the target language to practice in a limited form. These activities are more restricted, and the focus is more on developing accuracy. The freer practice activities provide students with prompts that require them to make meaningful choices before they use the language. This enables students to produce the target language more independently with more of a focus on fluency than accuracy.

Focus

Be going to statements

Aim

To practice positive and negative *be going to* statements.

Preparation

Make one copy of the two-page worksheet for each student.

Time

30 minutes

Introduction

This *be going to* worksheet helps students practice positive and negative *be going to* statements.

Procedure

Give each student a copy of the two-page worksheet.

First, students label *be going to* sentences as a prediction or a plan.

Exercise A - Answer key

1. plan 2. prediction

Next, students match sentence halves to form *be going to* statements.

Exercise B - Answer key

1. c 2. h 3. a 4. g 5. b 6. d 7. i 8. e 9. j 10. f

After that, students complete sentences by underlining the correct verb forms.

Exercise C - Answer key

- | | |
|-------------------|--------------------|
| 1. are going to | 5. am going to |
| 2. isn't going to | 6. is going to |
| 3. are going to | 7. aren't going to |
| 4. is going to | 8. am not going to |

Students then complete a text with verbs from a box and the correct form of *be going to*.

Exercise D - Answer key

- | | |
|-----------------------|--------------------------|
| 1. am not going to go | 8. are going to spend |
| 2. am going to visit | 9. are going to fly |
| 3. is going to meet | 10. is going to take |
| 4. are going to catch | 11. am going to buy |
| 5. are going to stay | 12. am going to be |
| 6. are going to eat | 13. am not going to have |
| 7. is going to take | 14. are going to have |

Students then move on to plan a holiday to a place they would like to visit by answering questions using *be going to*. However, students must not name the place in their sentences.

Finally, students ask a partner the same questions and try to guess where they are going on holiday.
