Introduction

Here is an amusing team game for practicing spelling.

Procedure

Divide the students into four teams.

Have one player from each team come to the board.

Give each player a chalk or marker and have them put on a blindfold.

Say a word you want the students to spell. The players then race to spell the word as quickly as they can on the board.

If you want to make the game more entertaining, you can have the players start further away from the board. You can also have the players spin around a few times and have their teammates direct them to the board by giving directions.

The first player to spell the word correctly in a readable format scores three points for their team, the second player scores two points and the third player scores one point.

A new player from each team then comes to the board and the game continues with a new word.

Continue the game until everyone has had a chance to play.

The team with the most points at the end of the game is the winner.

For higher-level students, you can give the players sentences to write.
