## Three Times

Age/Level: Young learners    Time: 10 minutes    Players: Teams of 6

Preparation: Flashcards

Aim: To repeat sentences

Motivate younger learners to speak English with this ESL drilling game.

### Procedure

Divide the class into teams of six.

Have each team stand in a line.

Hold up a flashcard and make a sentence based on the picture.

Each team must repeat your sentence three times and then sit down.

The team that sits down first wins.

You can vary the ending by having the students do different actions like turn around or jump before they sit down.

Also, instead of every student speaking at the same time, you can get each student to repeat the sentences one at a time and then sit down.
