## Activity Type
Matching and speaking activity, group work

## Language Focus
Language revision

## Aim
To answer questions about flashcards.

## Preparation
- Tiddlywinks
- Flashcards and prepared questions

## Level
Young learners

## Time
20 minutes

### Introduction
Here is an amusing flashcard game for young learners.

### Procedure
Begin the game by marking a start line on the floor at one end of the classroom.

Spread out flashcards face up at the other end of the room.

Divide the students into teams of three (Player 1, 2 and 3).

Give the first player in each team two tiddlywinks.

Demonstrate how to move the tiddlywinks. Hold a tiddlywink between your forefinger and thumb and press down on the edge of the other tiddlywink. This propels the tiddlywink forward.

Player 1 from each team then lines up at the starting line with their tiddlywinks.

Ask the players a question based on one of the flashcards.

The players then race to flip their tiddlywinks across the room and onto the correct flashcard.

The first player to land their tiddlywink on the flashcard gets to answer the question.

If the player answers the question correctly, they score a point for their team.

If not, the game continues until the question is answered correctly.

Then, the players swap and the game begins again from the start line with a new question.

The game continues until all the questions have been answered.

The team with the most points at the end of the game wins.
