**Activity Type**
Reading, matching and writing activity

**Language Focus**
Containers and amounts

**Aim**
To match containers and amounts with food and drink items.

**Preparation**
Make one copy of the worksheet for each student.

**Level**
Elementary

**Time**
15 minutes

---

**Introduction**
This useful worksheet activity helps you to teach your students about containers and amounts that go with food and drink items.

**Procedure**
Give each student a copy of the worksheet.

Tell the students to complete the food and drink items with the container and amount words from the box on the worksheet.

When the students have finished, check the answers with the class.

**Answer key**

**Exercise A**
- a piece of cake
- a glass of champagne
- a box of chocolates
- a bottle of beer
- a jar of jam
- a bowl of cereal
- a carton of milk
- a tube of toothpaste
- a slice of bread
- a can of coke
- a packet of potato chips
- a bunch of grapes

After that, students complete container and amount phrases with the food and drink vocabulary from the box.

Explain that the words can be used more than once and that several items may have more than one correct answer.

Finally, review the students' answers as a class.

**Answer key**

**Exercise B**
- a packet of sugar, biscuits, rice
- a slice of ham, cake, cheese, meat
- a bottle of water, orange juice, coke
- a bowl of sugar, fruit, strawberries, salad
- a piece of cake, cheese, meat
- a glass of water, orange juice, coke
- a can of coke, orange juice
- a carton of yoghurt, orange juice
- a jar of honey, marmalade
- a bunch of bananas
- a tube of tomato paste
- a box of crackers
