**Introduction**

**Procedure**

Give each student a copy of the lesson. Students begin by learning how to use the verb 'to be' to describe height, body build and age.

Go through the examples with the class and brainstorm other possible adjectives for height, body build and age. Then, have the students write short descriptions of the people in the pictures using the verb to be and adjectives, e.g. 'The girl is young and slim'.

After that, students learn how to use 'have' and 'has' to describe hair colour, hair length and facial features. Go through the example with the class. Then, draw some faces on the board and go through more examples, adding extra vocabulary as you go.

In pairs, students then take it in turns to describe the people on the worksheet.

Next, students practice describing what someone is wearing. Go through the various forms of the verb 'wear' and have students brainstorm other items of clothing that aren't on the list. Students then write about what they are wearing now and what they wore yesterday.

In pairs, students then put what they have learnt together by describing pictures of two people. Afterwards, students complete two gap fill exercises to practice the language from the lesson.

**Exercise G and H - Answer key**

G. 1. is 2. is 3. has 4. has 5. is

H. 1. first-year 2. China 3. am 4. am 5. have 6. have 7. wearing 8. wear 9. wore 10. is 11. has 12. has

Students then move on to describe themselves and a classmate. When students describe a classmate, have them secretly choose someone to describe. When the students have finished, they take it in turns to read their descriptions to the class. The class then tries to guess who is being described.

Finally, students take part in a drawing activity where they read descriptions and draw pictures of three thieves. When the students have finished, they compare their drawings. Then, have some students draw their pictures on the board and go through the descriptions with the class.

- He is overweight.

- They are young.
