Introduction

In this interactive food and drink breakout room activity, students write about and discuss types of food and dishes.

Procedure

Send each student a copy of the worksheet.

Go through the categories and vocabulary on the worksheet together as a class.

Next, tell the students to read through the categories and write an example of a food or dish for each one.

When the students have finished, divide them into groups of three or four and put them in breakout rooms.

The students then discuss each category in turn and explain their answers to each other.

Encouraged the students to ask follow-up questions and develop a short discussion about each topic.

When the groups have finished, have a class feedback session and discuss the students' answers together as a class.
