Introduction

In this insightful worksheet activity, students talk about personal and public celebrations they have throughout the year.

Procedure

Brainstorm types of celebrations with the class and write the students' ideas on the board, e.g. birthdays, anniversaries, Christmas Day, Easter, etc.

Next, give each student a copy of the worksheet.

Working alone, students write down all the celebrations they have throughout the year in the monthly calendar on the worksheet and make notes on how they celebrate each one.

When the students have finished, divide them into pairs.

Students then take it in turns to interview their partner about the celebrations, e.g. 'Do you celebrate anything in January?'

Encourage the students to ask follow-up questions about each celebration to gain as much information as possible, e.g. 'How do you celebrate Valentine's Day?'

Afterwards, ask the students to give feedback to the class on one of their partner's celebrations.

Any interesting findings can be discussed in more detail.

January	February	March
April	May	June
July	August	September
October	November	December
