Introduction

In this prepositions of movement activity, students play a game where they name three things.

Procedure

Divide the students into teams of two.

Give each team a copy of the worksheet.

Read the first item on the worksheet to the class, i.e. 'Name three things you would never run towards'.

Explain that the first team to think of three suitable answers wins the round.

When a team has three answers, they put up their hand and the other teams stop writing.

The team then gives their answers.

If the team gives three suitable answers, they score a point, e.g. a tsunami, an erupting volcano, a man with a knife.

The team then tries to make a sentence with the preposition of movement and three answers for an extra point, e.g. 'We would never run towards a tsunami, an erupting volcano or a man with a knife'.

This process is repeated until the worksheet is complete.

The team with the most points at the end of the game wins.
